IMPORTANT and URGENT

Because of the ADDITION OF THE NEW GOODMAN GALLERY  
we have much more wall space then ever before.

It is in the interest of all to make this 1938  
Water Color Exhibition the best we have ever given.

Therefore, your committee specially urges that all  
member artists send the full limit of works.

Each member artist is entitled to send thirteen works.

~~If you have work older than 1935, please send~~

~~EXHIBITION COMMITTEE~~

These need not be ~~recent~~ restricted to recent  
work. For example, drawings made in the past will be  
acceptable and would add greatly to the general interest  
in the exhibition.

Send as great a variety of works as you can.
